### CRUSHED BY FALL OF ROCK.

# James Kenney Meets Instant Deat

in Presence of His Father. James Kenney, of Simpson, was instantly killed by a fall of roof in the Wilson Creek mine shortly after 8 o'clock yesterday morning and his father, Michael Kenney, was severely injured. The two men had just shot off a charge of powder and were barring down the coal when, without warning, a large section of the roof came down. The younger Kenney was directly underneath the affected part which buried him completely from sight. The fathor was standing some distance away and was only caught by the edge of the fall.

The two men had left the chamber of John Manley, adjoining, but a mo-ment before and he with Michael Howard and a man named Fee, rushed into the aid of the two men. Mr. Kenney, sr., was soon removed from his posttion, but it took some time to reach

The latter's body had been terribly crushed. His head was between his knees and probably every bone in his body was broken. The remains were removed to the home of his uncle, Thomas Kenney, just above the silk mill, with whom he stayed, and there prepared for burial. The father was taken to the hospital.

He is suffering with a broken rib, a scalp wound and an injury to the arm.

The suggestion that Congressman Uncle Sam that he should use anthracite coal in his navy, has caused considerable comment in this vicinity. The | \$3,000. natural inference is that it is just an important to have smokeless coal as doing business in town yesterday. smokeless powder.

For instance, a man of war burning hard coal would be able to right an enemy burning soft coal much sooner than it could be sighted by that enemy. The time would be valuable in making preparations for the attack. And furthermore, some slow-going vessels of an inferior fleet, burning hard coal, swifter and more formidable vessels of a hostile nation, and thus choose their own time and conditions for giving battle. ### Fire in the Store of W. E. Davis .- The Building Burned for the Third

At 2 c'clock yesterday morning fire was discovered in the store owned by Mrs. Michael Walsh and occupied by Merchant W. E. Davis, of Mayfield. It seems that the fire originated on the east side of the building in the dry goods and greeery department, and must have been burning for some time before discovered. The interior of the building was totally gutted and nothing but fragments of the merchandise remain. The boot and shoe department RIDY not badly damaged. This is probably due to the William Walker Hose company's quick response to the alarm of fire. This is the third time for buildings on this vite to be destroyed. About ten years ago a large building was put up for the purpose of a store and Thomas O'Brien, a merchant from Avoca, conducted a large business there for some time, but was terminated by fire. The second structure was built on the old foundation and I. J. Place was its occupant and did business for a number of years, until one Saturday evening when Mr. and Mrs. Place left to visit relatives in Buttermilk falls. On the Sunday night following, for the second time the building was destroyed by fire, and how it originated each time is a mystery to this day. The building was a two-story wooden one and the upper part was occupied by William Evans Connell use his good offices to persuade and two sisters, who barely saved from suifocation. Common and Annoying Disease. Many people suffer from piles, because after trying the many lotions, salves and ointments without relief or cure, have come to the conclusion that surgical operation is the only thing left to try and rather than submit to the shock and risk to life of an operation, prefer to suffer on. Fortunately this is no longer necessary, the Pyramid Pile Cure, a new preparation cures every form of piles, without pain, inconvenience or detention from business.

It is in the form of suppositories, easily applied, absolutely free from opium, cocosine, or any injurious substance, whatever, and no matter how severe the pain, gives instant relief, not by deadening the nerves of the parts but rather by its healing, soothing effect upon the congested membranes.

The Pyramid Pile Cure is the most

effective, the rafest and most extensively sold of any Pile Cure that has ever been placed before the public, and this reputation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, all druggists selling it at 50 cents and \$1 per package, and in many cases a single package has been sufficient."
